A JOURNEY OF POSSIBILITIES

The settlers who crossed the Oregon Trail in the 19th century were full of courage and determination. They were in search of a better life in the West and braved numerous challenges and dangers along the way.

A JOURNEY OF POSSIBILITIES

scfom-rux

MAKING A NEW START IN THE WILD WEST!

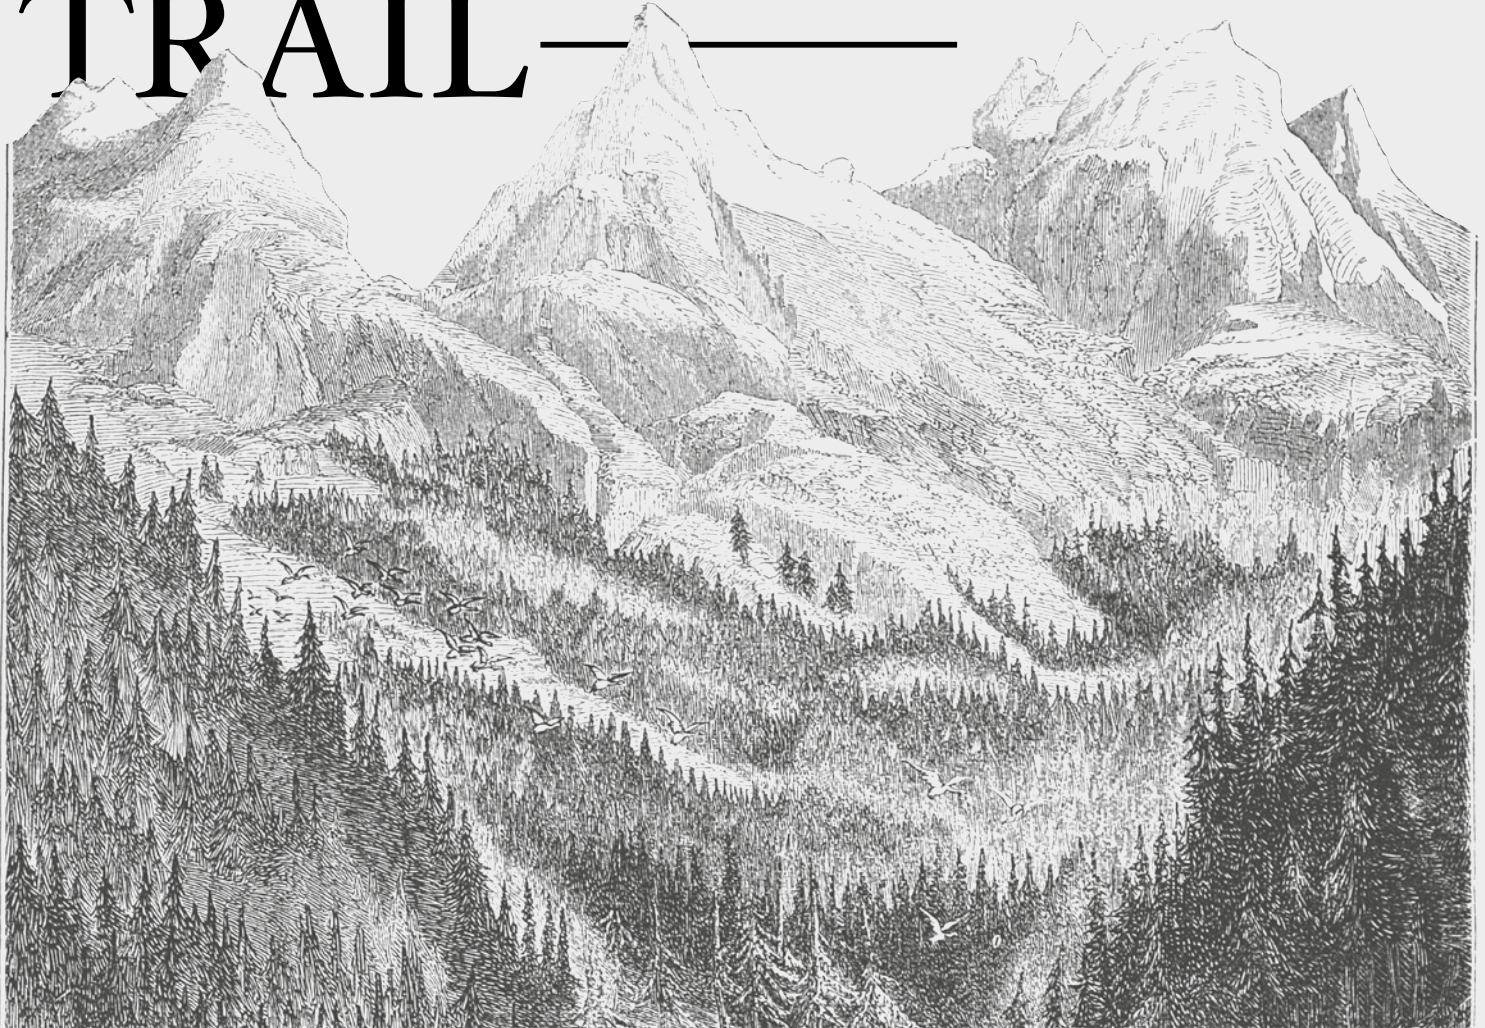

The Hagen Scaffolding Forum started out in the 90s as a very conventional in-house fair. Over time, however, both our demands and those of our visitors grew. The forum has long since ceased to be a tame advertising event.

It is no longer just a place for the company's own products, but a dynamic platform for exchange. Professional scaffolding users and a wide range of partners from industry-related sectors come together here.

On the one hand, speeches, seminars, partner exhibitors, discussions and talks; on the other hand, fantastic food, sophisticated drinks and a great entertainment programme - and all around a backdrop that takes you out of your everyday life. This makes for a quite extraordinary atmosphere. Meet colleagues, business partners as well as old and new friends and help to make this event something very special once again with your enthusiasm for your business. The Wild West is calling!

GREAT WESTERN TRAIL—

**DETERMINED TO
REACH THE GOAL**

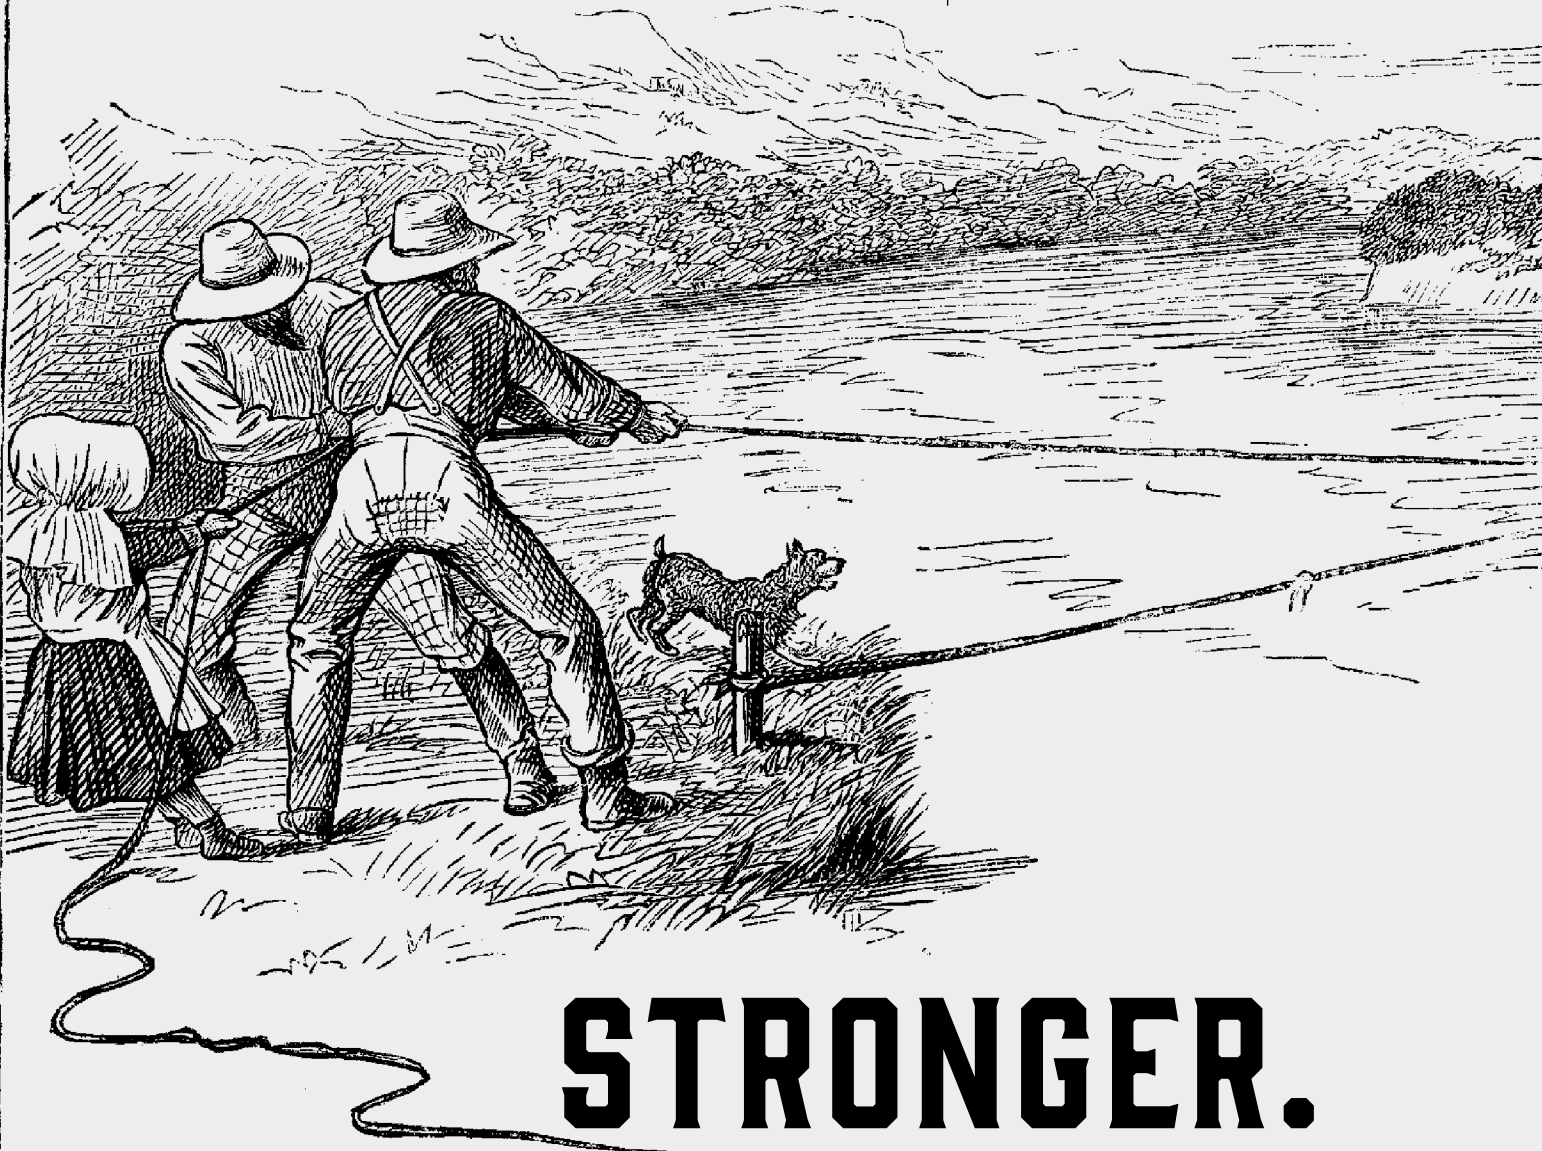

Fertile land stretches out before our eyes. Lush green grass, wide prairies, fat cattle. In the background, the typical mountain silhouette of the West. Everything is better than what we left behind. The town in front of us is inviting. Music sounds from the saloon.

All is well ... at least for the moment. The hardships of the last few weeks are almost forgotten. The land lies directly ahead of us. We just have to grab it.

This year, the Forum focuses entirely on the courageous women and men who set out in the 19th century and dared a great deal to build a new future for themselves. And what emerged from this is immensely impressive.

This time the Forum is a guest in a typical Western town. But a town lives from the people in it: we are counting firmly on you.

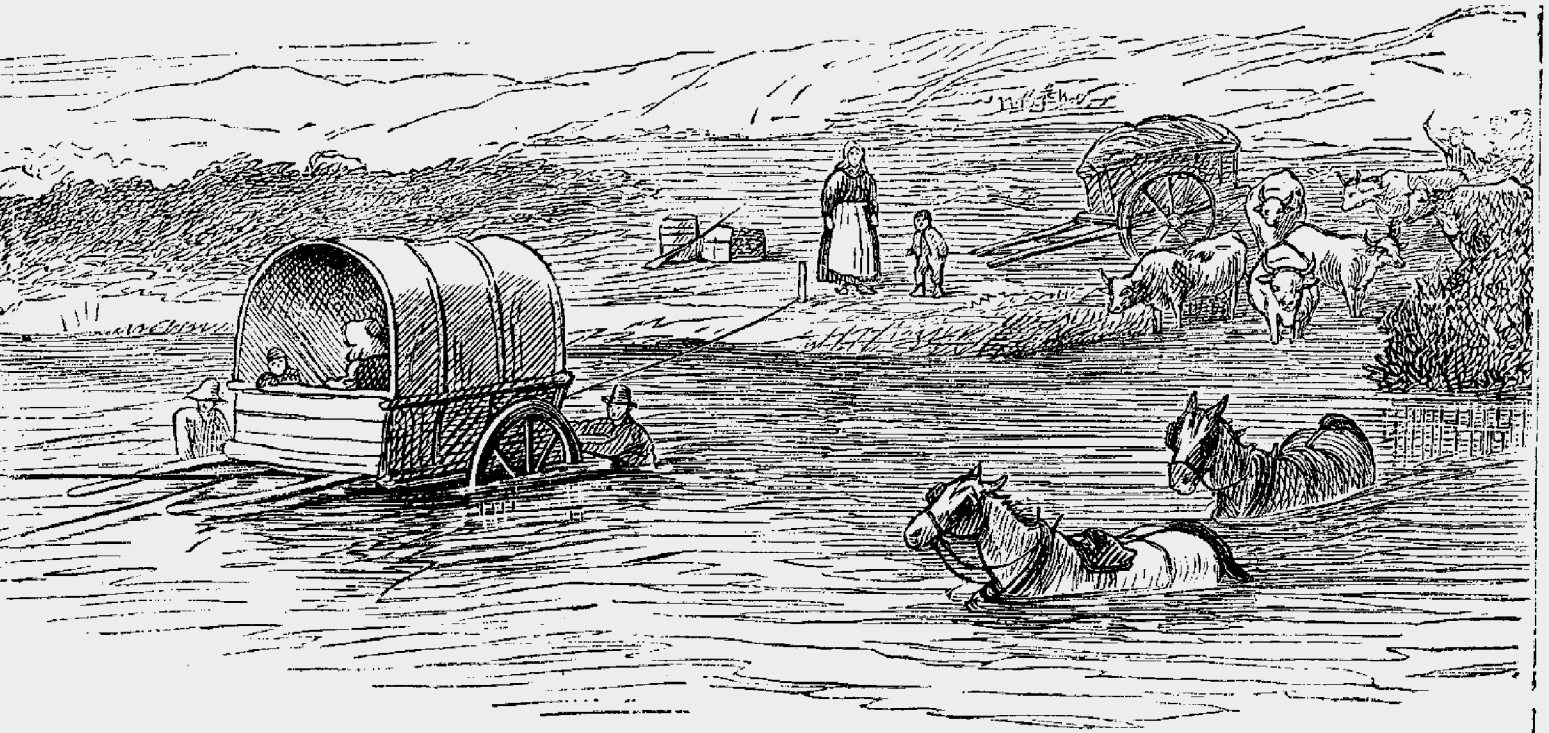

STRONGER. TOGETHER.

The settlers in the 19th century are role models for us today: leave the old behind – embrace the new!

The challenges are there - but so are the solutions. And we would like to discuss them with you.

What else do we have in common with the settlers? Well, no one would have made it alone. It is the community that makes us strong. Together we can make it, together we can cross continents and move the world.

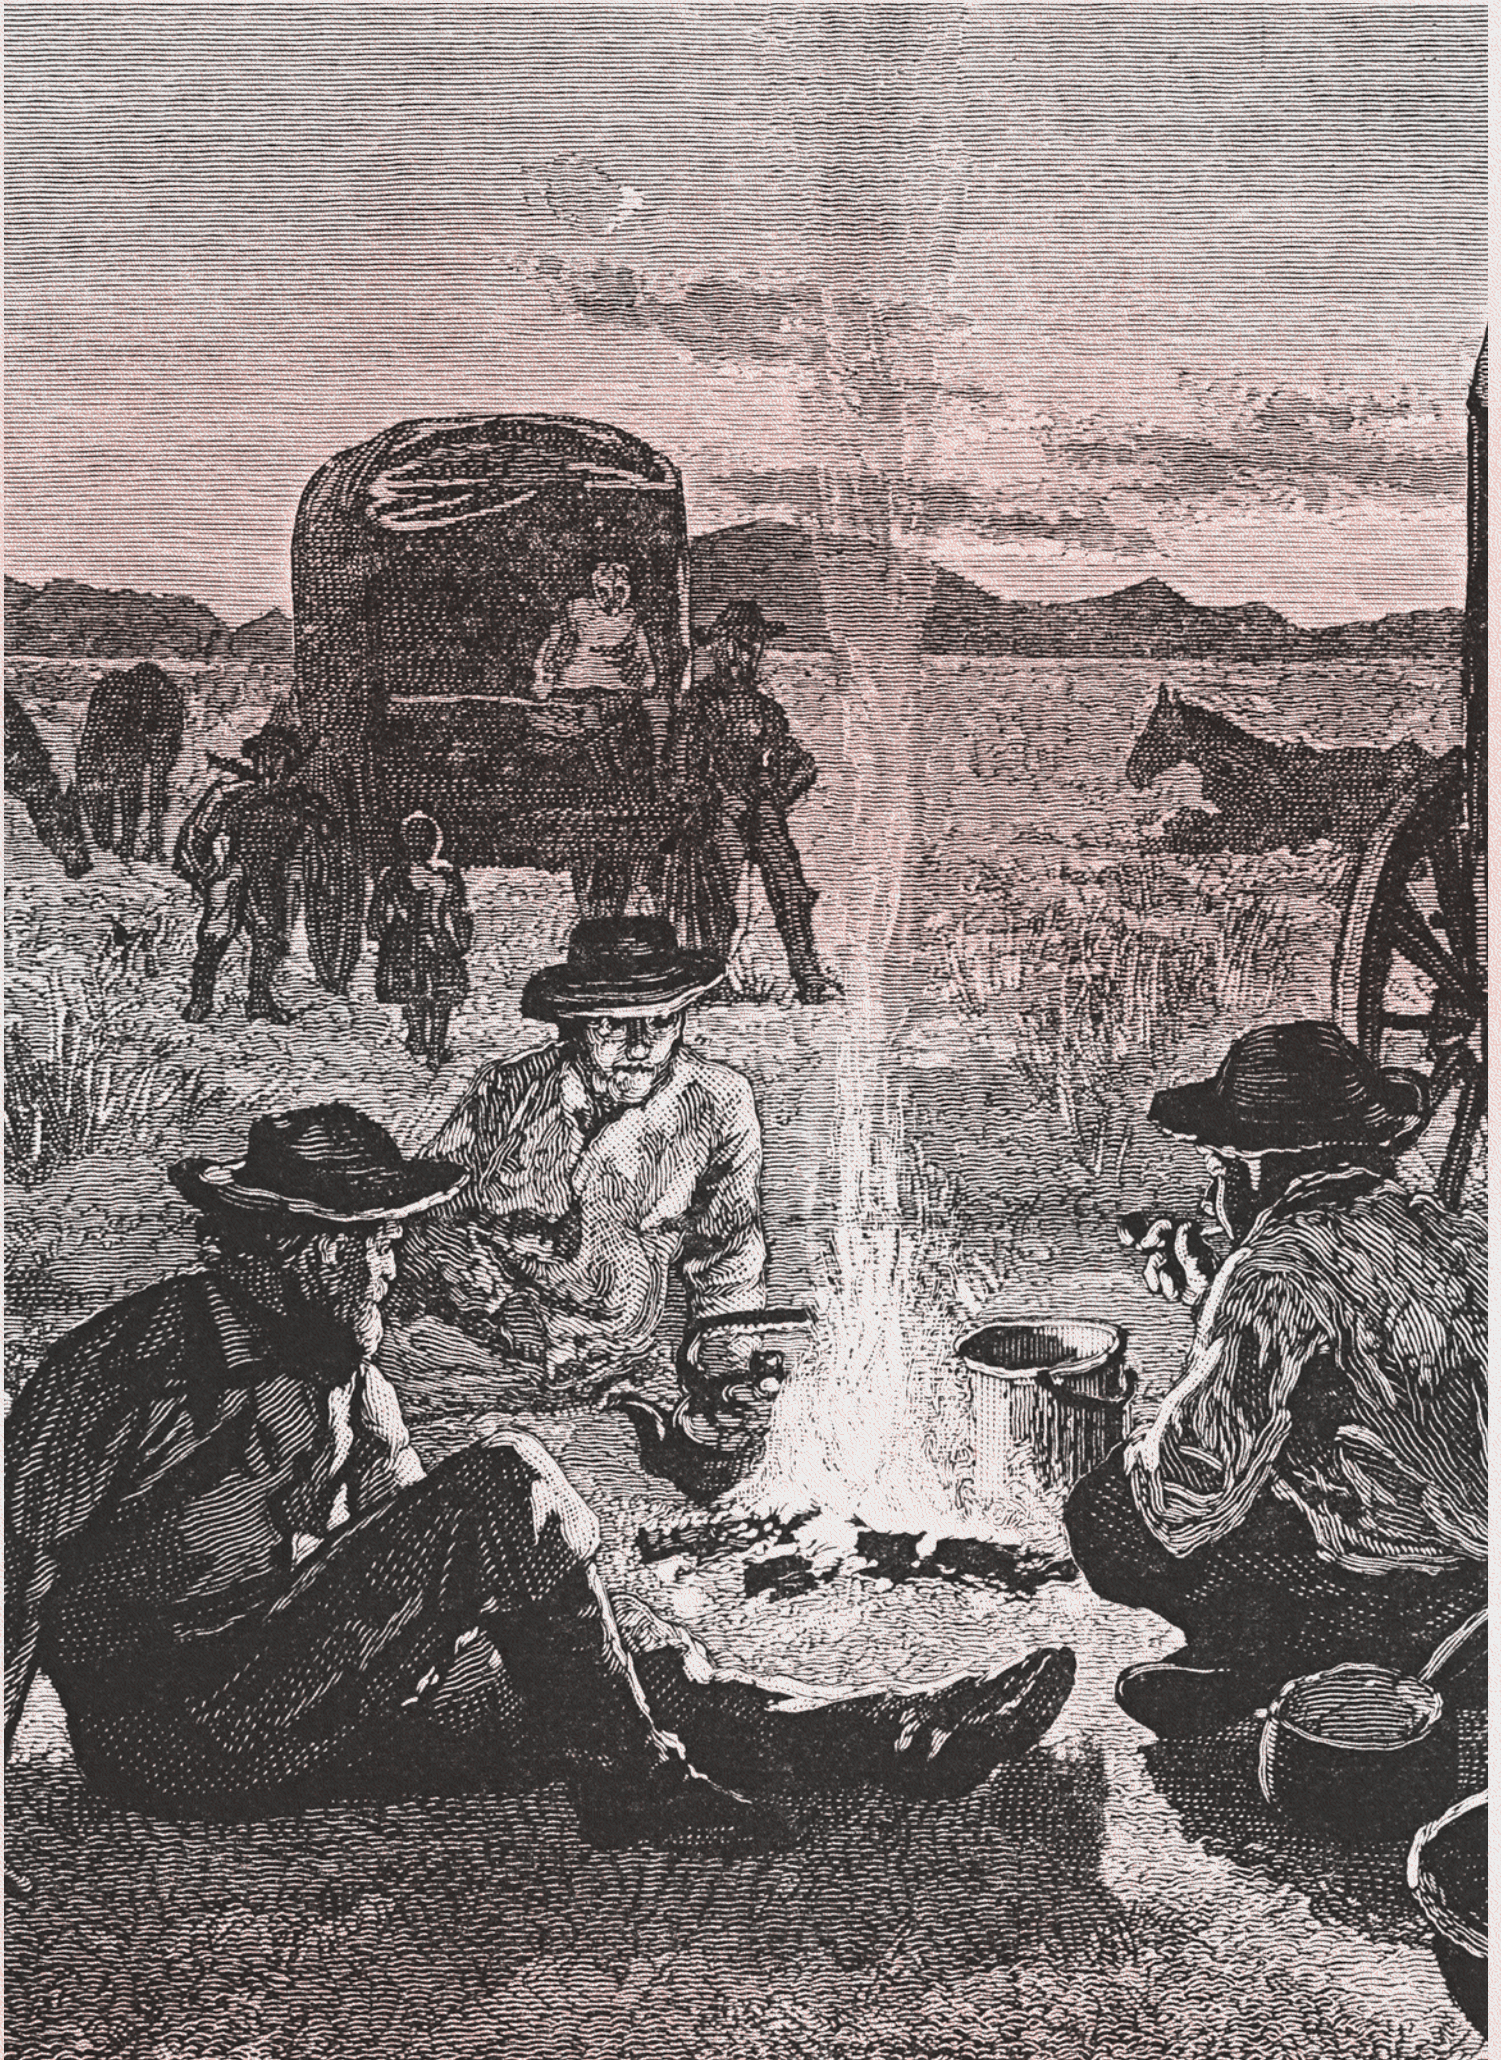

A JOURNEY OF POSSIBILITIES

It is the year 1843 and there is a spirit of great optimism at Independence on the Missouri. Around 900 people have gathered to head west together. Their goal: a better future in far-away Oregon. To achieve this, they are prepared to travel 3,500 kilometres through deep gorges, man-sized undergrowth and raging rivers.

But the hardships were to be worth it: for this first-of-many large settler trek along the Oregon Trail was to lay the foundation for what we know today as the Wild West.

We are also taking advantage of a unique opportunity at the Hagen Scaffolding Forum. Namely, to show our latest ideas, prototypes and product developments to a professional audience. And then - as always - you get the chance to give your personal market assessment of these ideas. As experts „from real life“, you are important co-deciders and provide invaluable support for us developers.

DAILY- SCHEDULE

Experience the world of the settlers in Forum City with news, events or simply a quiet place to relax and enjoy.

Get taken back visually, acoustically and culinarily to a time when courageous women and men reshaped an entire country.

Friday/ Saturday	The special concert! Incl. scaffolding song
Fun for kids	On Saturdays, our team provides animation for Forum children from the age of 4.

CREATING NEW PATHS

Not just treading well-trodden paths - that is, of course, easier said than done. But recognising trends or even initiating them can only be done by those who keep a close eye on developments. The Hagen Scaffolding Forum wants to be a building block in this respect.

PRODUCT RECOMMENDATIONS

THE HAGEN-BASED COMPANY SCAFOM-RUX GMBH

◆ FROM OLD ◆ TO NEW:

XGR1

The XGR 1 folding guardrail is the smart way to keep your scaffolding material up to date. Simply place it on the upper tube connector of your scaffolding, loosen the handle, fold it out, latch it in, and you're done. The installation heights remain unchanged.

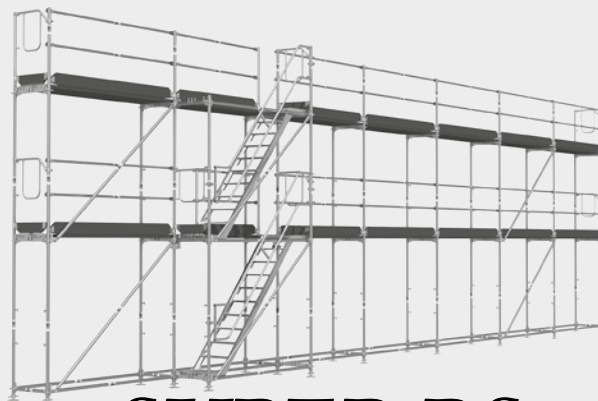

This is how your old scaffolding becomes your new one.

RINGSCAFF STAIR TOWER

Convenience is one of the keywords for the new RINGSCAFF stair tower - from assembly to use. Both the assembly of the guardrails and the gap covers are entirely bolt-free. Approved for use as a primary escape route, the new footfall sound insulation also reduces a large part of the movement noise in the stair tower.

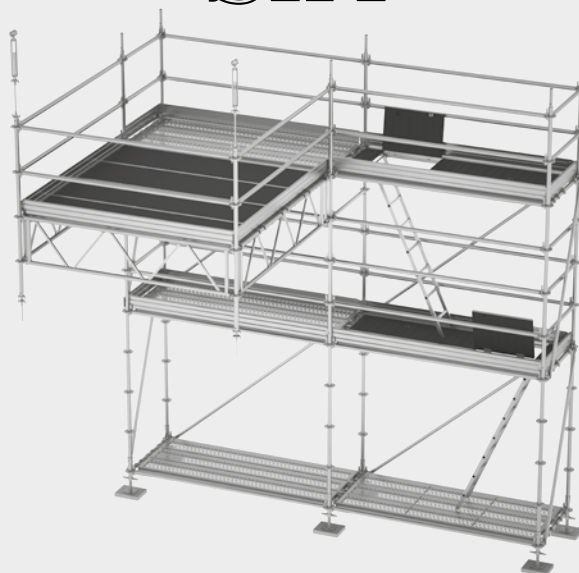

TESTED A THOUSAND TIMES: EVERYTHING
FITS, EVERYTHING OPTIMISED

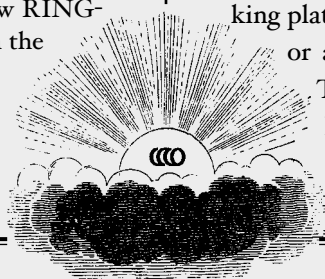

SUPER RS

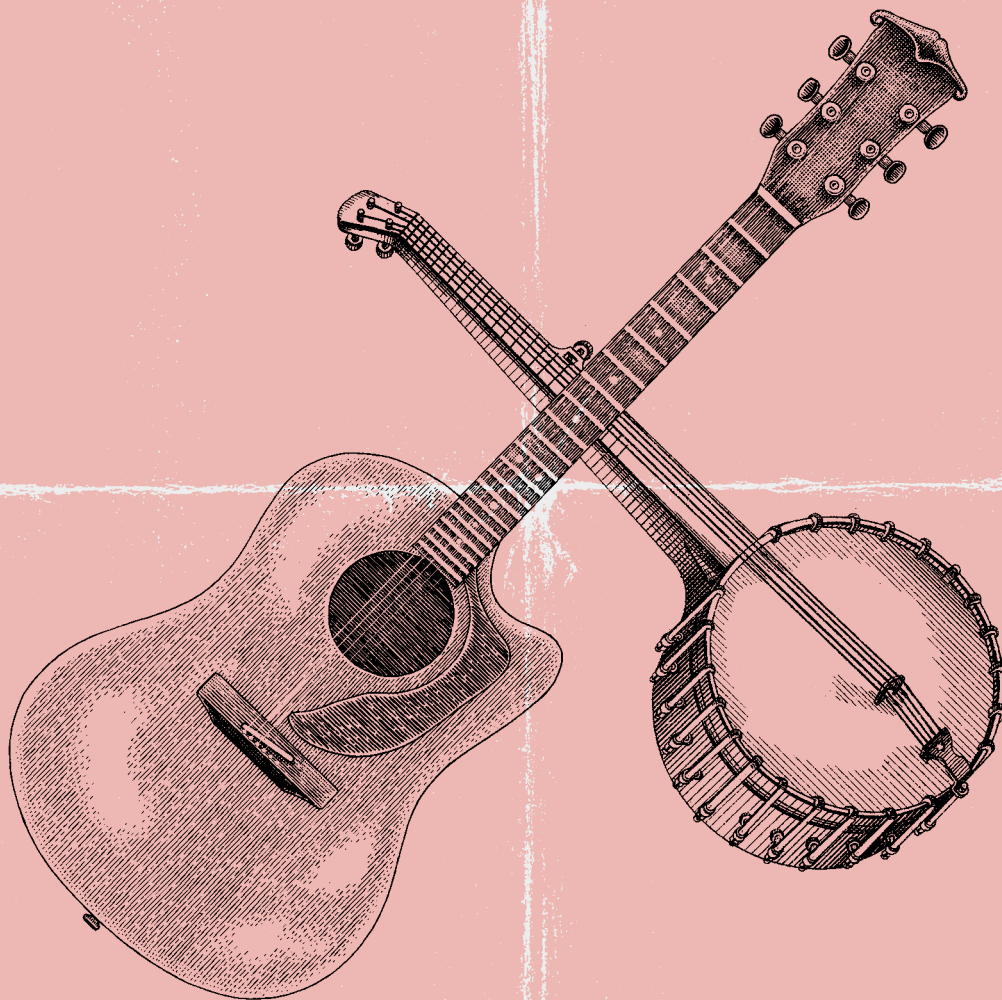

SUPER RS combines the strengths of façade and modular scaffolding systems to create a new type of scaffolding that can do more. And on top, none of the assembly steps are really new. Everything has been tried and tested thousands of times: everything fits, everything optimised. The best of every system - that is SUPER RS.

RINGSCAFF SKY

RINGSCAFF Sky suspended scaffolding offers a stable working platform that eliminates the need for risky climbing or attaching components under the working floor. Thanks to the small number of basic components, RINGSCAFF Sky is easy and quick to assemble and requires only a few suspension points.

SATURDAY

HERMES HOUSE BAND

The cover versions of the Hermes House Band have long been cult in their own right. Their „Country Roads“ should not be missing from any Scaffolding Forum. Now finally live!

FRIDAY

REDNEX

With hits like „Cotton Eye Joe“, Rednex catapult us musically straight into the time of Buffalo Bill and Billy the Kid on Friday.

FRIDAY & SATURDAY

OLAF HENNING

On Friday and Saturday, pop star Olaf Hennig will create a great party atmosphere.

Look forward to:

an exclusive song for all scaffolders.

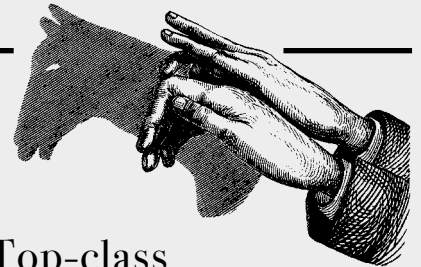

DON'T MISS THEM – OUR LIVE ACTS

The LIVE ACTS are definitely one of the highlights of every Scaffolding Forum. This year, we have two concerts lined up for you, which will give the Wild West atmosphere a further boost. So don't forget to put a “must see” in your calendar for Friday and Saturday!

A CHERISHED TRADITION: SATURDAY IS FAMILY DAY

LIKE THE SOUND OF IT?

For sure, even if you are not a Western fan. After all, the Hagen Scaffolding Forum is not a costume party, but an information marketplace.

And there will be plenty of information from 26 to 29 April. We look forward to your participation! By the way, it's free of charge and without any obligation. Simply register!
